**STEELHEAD
MARINE**
An AdvanTec Company

High Performance Yacht Equipment

Steelhead Marine's elegantly designed, high-tech cranes are renowned across the yachting industry, but their ambitions stretch even higher. Through persistence, innovation, and hard work they are aiming to become the leader in advancing hydraulic solutions for the yachting world.

With strong leadership and a dynamic workforce, Steelhead is working to take their innovative products to the next level of sophistication. A diligent sales, engineering, design and build process combined with a close working relationship with their clients ensures Steelhead products will be at the forefront of innovation in the global yacht market.

Benefits of Steelhead Marine

Engineered for Performance

- Greater lift capacity with less crane weight
- Superior engineering and advanced materials
- Durability, strength and reliability
- Compact and attractive design that puts less space and weight demands on your yacht
- Easy to use

Service

- A commitment to respond to your inquiry within 24 hours whether it's for a part, instructions or a question
- Customer service issues are given top priority with 1-on-1 telephone access to service technicians or email instructions
- Order frequently required spare or replacement parts from our online store via The AdvanTec Store (www.advantecstore.com)
- The Steelhead Two Year Platinum Warranty shows a commitment to quality and reliability

Yacht Cranes

Compact design uses less deck space

Whisper quiet linear winches use composite rope which is quieter and stronger than steel cable

Cranes are proof tested to 110% of capacity

Easy to use proportional controls on all cranes above 1500 lbs (680 kg)

Passerelles

Steelhead Marine passerelles are custom designed and manufactured to meet our clients' exacting standards and requirements. We feature a custom-designed collapsible space-saving handrail system that we build completely in-house.

Passerelles are available in Single, Double, and Triple stage configurations.

Whisper Davits

Entry level, compact, whisper-quiet, dual function davits.

E Series

Offers the same specifications of the ES Series cranes but without some of the options to make this a more economical choice when aesthetics are not the top priority.

ES Series

Lightweight, super efficient, low profile European design with four-function hydraulics.

SM Series

Midsize to heavy duty three function capable cranes with retracting booms that can be rotated 360° hydraulically

CT Series

Heavy duty four function hydraulic cranes with live telescoping boom extension and proportional controls.

LDC Series

Lay-down five function hydraulic cranes with live telescoping boom extension and second luffing function. This series is completely custom built to meet individual needs.

Beam Crane Series

Custom engineered to meet the unique design challenges of today's super yachts. Flexible to fit garages or under ceilings.

Steelhead Marine cranes are found on the finest yachts and superyachts around the world.
